

CONSULTING, THAT CREATES TRUST!

Welcome to the CCT team, your partner for business consulting in the SME sector.

Many years of management experience in medium-sized companies, industry-specific methodology and well-founded expertise from over 40 years of successful customs practice are available to you and your company. To solve special tasks.

And to master special challenges. As a consultant or interim manager.

Discuss with us how we can best support you in the following areas in a non-binding and free business orientation meeting:

If you have a consulting topic that we do not have expertise in, we are happy to refer you to experts in our network, e.g. consultants for coaching, data protection, IT communication, lean management, marketing, executive search, lawyers and tax consultants.

YOUR SUCCESS IS OUR GOAL

As professionals (temporary or long-term engagement) we work exactly as you need us, without minimum volumes and fixed terms. For project-related consulting, for result-oriented implementation, for long-term support in changing business issues. We are also available for short-term or interim consulting.

We are compensated on a time and materials basis. Our hourly rates are determined by the size and capability of the client, the importance and difficulty of the task, and the expected scope of your project.

THE MAGIC WORD „TOGETHER“

Together with you and with the involvement of your managers and employees, we will find a way to minimize the use of external resources and achieve a high level of acceptance for the project.

We are happy to present you with an analysis and a concept. The implementation is pragmatic, so that the consulting reports are to the point and short-term results are achieved.

SMEs ARE OUR SPECIALTY

We have many years of experience in managing and advising mid-sized companies and corporations at home and abroad. Our SME-oriented methodology and our pragmatic mentality, which focuses on the essentials and sustainability, enable you to achieve new successes, regardless of whether you are a drive and automation manufacturer, a high-tech company, a service provider or an international trading company.

FAST AND SUSTAINABLE SUCCESS THROUGH EXPERTISE AND MANPOWER

We offer you the expertise to solve your challenges in a customized way.

With our support, you can focus on your strengths. We show you new perspectives and give new impetus to stalled discussions and work processes. With our support you will achieve fast and sustainable success, which means that our efforts will pay off in a short time.

THIS IS WHO WE ARE - OUR CCT TEAM
